SOLDIERS WANT TO FINISH THE JOB

WASHINGTON, Oct. 7.—Facing a daily average of \$425,000,000 to attain the minimum six billion mark the Fourth Liberty Loan campaign today went into the second lap. Over Sunday reports had very little reason for optimism, it was officially announced at the Treasury Department today. Intensive preparation was the only encouraging sign contained in the early Sunday morning reports.

By Carl D. Groat

WASHINGTON, Oct. 7.—President Wilson's reply to the Tunician peace proposals will be a refusal to accept, according to strong indications from a high governmental authority today. This authority, who predicted accurately the rejection of the last Austrian peace note said today that he "assumed the answer would be a rejection". The State Department declined official comment on the peace note situation.

It was officially announced that the Swedish minister had delivered the Austrian note at about the same hour the Swiss minister who had received the German note was carrying it to the White House.

The American temper is for a war to the finish—an unconditional surrender by Germany as an essential preliminary to peace negotiations. All letters and telegrams pouring into Washington today expressed the popular will against a dictatorship with the Kaiser and his Allies.

President Wilson meantime was working on a note said to be in connection with the situation. It was stated that the Austrian proposal would be given a sharp rejection.

It was considered probable that the peace proposal of Prince Max, the new German chancellor, which was received from the Swiss minister, would be quickly and decisively disposed of. All indications were that America and her Allies want to finish the war.

All reports from staff correspondents of the United Press abroad showed that the temper is for battle until the Kaiser is brought completely to his finish. Declaring that an armistice would only prolong the war, Senator Poindexter today started a discussion in the Senate on the Austro-German peace offer. In a war colloquy with Senator Hitchcock, chairman of the Foreign Relations committee, Poindexter declared that Hitchcock openly favored an armistice. Senator Hitchcock sharply denied this and declared hotly that an armistice now "is a preponderous impossibility."

By Webb Miller

PARIS, Oct. 7.—I learned the fighting man's opinion of the German peace proposals as I went among the boys today.

"It's up to Wilson," declared Frank Parker, of Chicago. "Whatever he says goes with me. I don't believe he will quit until Germany is licked."

"Germany is burning our homes and taking our furniture," Henry Voisin, of Brussels, told me. "Belgium should give them an armistice so they can take the remainder."

"Marshal Foch is giving them the answer that a million of other Frenchmen share," declared George Baron, of Paris.

"I am ready to quit when it is finished, not before," said Edward Hill, of Adelaide, Australia.

TEXT OF NOTE TO PRESIDENT CONTAINING GERMANY'S
PLEA FOR CESSATION OF HOSTILITIES

AMSTERDAM, Oct. 6.—The text of the note forwarded by the Imperial German Chancellor, Prince Maximilian, to President Wilson, through the Swiss government, reads:

The German government requests the President of the United States to take in hand the restoration of peace, acquaint all the belligerent states of this request and invite them to send plenipotentiaries for the purpose of opening negotiations.

It accepts the program set forth by the President of the United States, in his message to Congress on January 8 and in his later pronouncement, especially his speech of September 27, as a basis for peace negotiations.

With a view to avoiding further bloodshed, the German government requests the immediate conclusion of an armistice on land and water and in the air.

It is announced that Turkey will take a similar step.

HOW GROWS YOUR PATRIOTISM?

The tulip grown in the garden, when cut and placed on the library table then retains its perfection of bloom for many days because it has had the advantage of good roots and the amount of sunlight that nature intended it should have.

The tulip grown under the glass of the greenhouse and forced to open its petals under the skillful doctoring of the florist in order to be ready for the market on a special day will be just as perfect a specimen but it will lack the strength necessary to make it last.

When we went to war with Germany we found a great many greenhouse patriots in our populace. For these there were parades and demonstrations arranged and under the enthusiasm and inspiration of these great noisy gatherings many a man was transformed into a fighting, looting, paying, sacrificing patriot and while some of them retained the patriotic fervor they imbibed from these meetings there were others who had to go through the same sort of thing again.

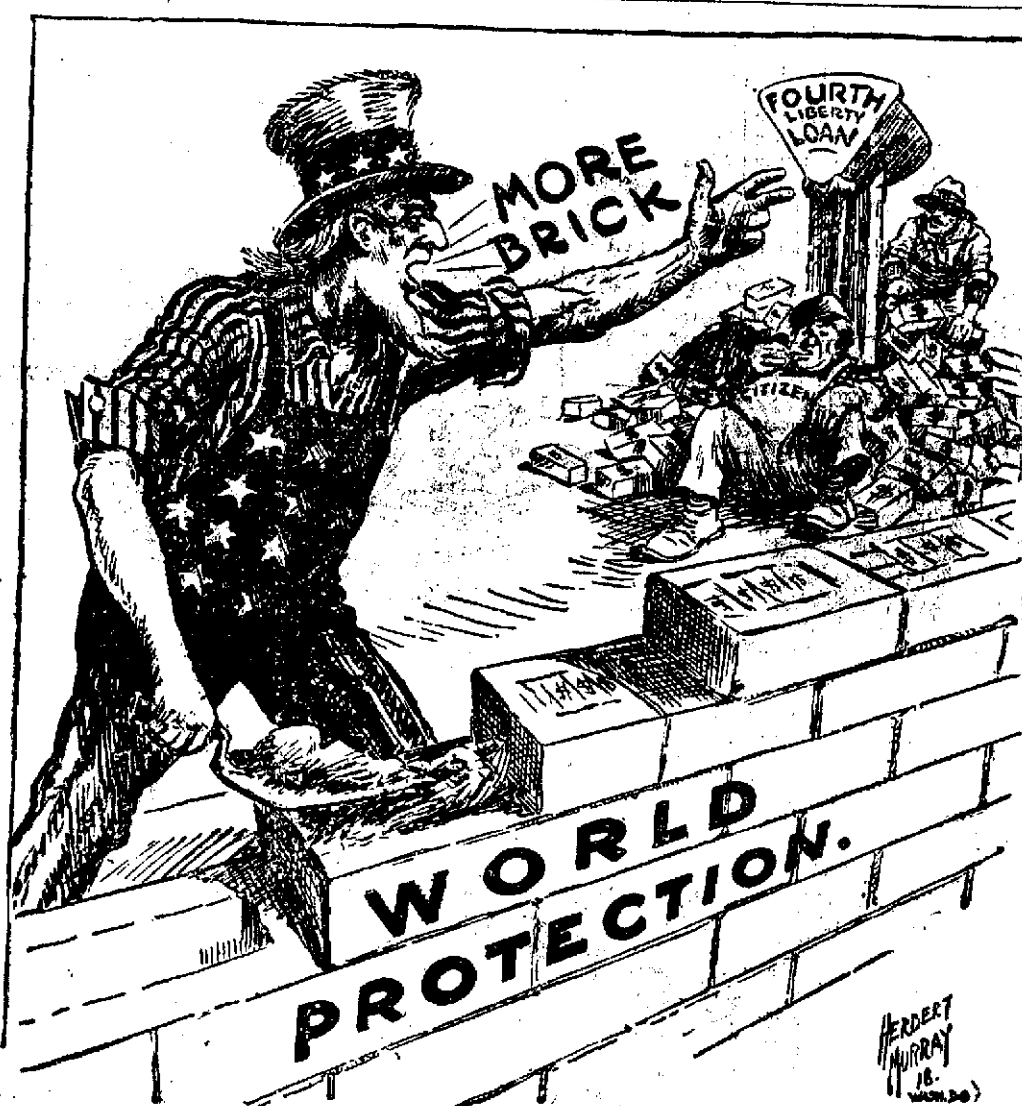

To a large degree the same people have successively subscribed for each Liberty Loan and now that all Liberty Loan meetings are called off we are given a chance of showing whether we are real garden grown patriots or just the greenhouse variety which unfolded our petals of silver and gold under the persuasion of the sun of inspired enthusiasm.

Look yourself over and place yourself under the canopy of the sun which shines over the most glorious of lands and put yourself in with the garden variety of patriots, hardy, strong, and a perennial, blooming forth with Liberty Bond savings the year around; or

Set yourself down as a greenhouse patriot; a mere potted plant that must depend on some one to come around and coax and cajole into unfolding your petals of silver and gold.

And by the way, one of the methods of knowing a garden grown patriot when you meet him on the street is the little Fourth Liberty Loan button they are all wearing in their lapels.

Fill Up The Hod

AIDES FOR NURSES

The Red Cross has been asked to form a class of women who are willing to take a short course in the care of the sick. These instructions will be given by the physicians of our town, and persons taking the instruction will be expected to volunteer for Home Service here in any emergency that may arise. Such a course would certainly prove beneficial to those who can take it, as it will put them in a position to assist the trained nurses in the care of the sick or injured in case of pestilence or disaster.

Will those who are willing to enter such class, and render service in case of need, send their names to The American Red Cross, Murray Building, Clearfield, Pa., giving their telephone number or phone through which they can be reached.

Call Bell telephone 57 or H. & C. No. 39.

J. FRANK SNYDER, Chairman,
Clearfield Pa. Chapter, A. R. C.

LLOYD I. MULSON WOUNDED
IN ACTION

Sad news arrived at the home of Mr. and Mrs. P. A. Mulson Sunday, Sept. 22. A telegram from the War Department stating that their son, Sergeant Lloyd I. Mulson, of Co. E, 1st Regiment Engineers, was severely wounded in action July 20, 1918.

Sergeant Mulson enlisted on May 14, 1918, and sailed France on August 2. Four letters have been received from him since he was wounded, but the degree of his wound was not known until the telegram from the War Department was received.

YANKEES AND FRENCH ADVANCING

By Lowell Mellett

With The British Army In France, Oct. 7.—The British army is ready to answer Germany's peace proposal today as it answered that of Austria a short time ago.

"Let them talk peace while the fighting continues," is the spirit of the soldiers. I had the pleasure this afternoon to break the peace news to many officers and men of the British forces behind a big train shed at Amiens station.

It was apparent from what was heard on all sides immediately after the word of the latest peace proposal went the rounds that so far as the British army is concerned, something definite in the way of peace offers is necessary before serious consideration may be found.

By Frank J. Taylor

(With The American First Army, Oct. 7.—Both wings of the American forces between the Argonne, the Meuse and the Meuse river continued to advance. Despite great efforts the German counter attacks failed.

By Webb Miller

PARIS, Oct. 7.—The Germans are burning the villages and towns behind their lines along the whole front from Lille to Rheims. This is believed to presage the retirement in several sectors. South of Cambrai the enemy is reported to have fallen back two miles on a seven mile front. At least a score of towns are in flames. Laon, the great communication center, and the woods east of St. Gobain massif was said to be afire yesterday. Sallaumines, east of Lens and several villages southeast and west of Lille and between Douai and Somme are burning. The French found Nogent-l'Abbessebein and all of the villages in the Suippe valley in flames.

Monseur Civrieux, writing in the Matin, said "the fighting continues and will continue to the end until there is a general German retreat. This retirement is announced by a burning of villages and it seems certain that a great evacuation is near. We must keep the Germans running until we find out what is behind these proposals. This war should be final so it will be the final war."

The German retirement from the present front in Flanders and northern France is believed to be a gigantic rear guard action for the purpose of holding at least until the Venetian line is completed. A few days ago the enemy prisoners indicated that the defense system was not quite ready. The roads behind the Hindenburg line and northeast are jammed with traffic of all characters including civil equipage.

PARIS, Oct. 7.—French troops have made further advances northeast of Rheims toward St. Masmes and penetrated Mouvine, the war office announced today. The Germans are offering powerful resistance on this front, particularly in the vicinity of Berticourt. Violent fighting continues all along the front north of St. Quentin where the enemy made numerous counter attacks.

Austro-German troops defeated by French and Serbian troops in central Serbia are retiring northward in disorder, the French eastern communique announced today. Capture of the important city of Vranje was confirmed. The Allied advance is continuing. French and Serbian troops captured Vranje 40 miles northeast of Iskub, the statement said. They are most energetically pounding the Austro-Germans who are retiring northward.

In Albania our troops continue to advance. The Serbians have occupied Debra.

OTTOMER PAGE DIES OF WOUNDS

The name of Ottomer R. Page, of Clearfield, appears in today's casualty list as having died of wounds.

Young Page is the fifth Clearfield boy to give up his life in his country's defense. He was a member of the Clearfield Military company and got his preliminary military training with this organization.

He has a sister Mrs. Alice Woods, of Church Way and a brother Frank Page, living on South Fourth street.

On Thursday last The Progress published the following from the de-

ceased soldier.
"Ottomer Page, in a recent letter to his brother in law D. F. Woods of Church Way says: 'As I lie on my cot I will write you a few lines to let you know that my wound is rapidly getting better. Dave, I got a German for you and two for myself before they got me. I don't know whether I will get another chance at them or not. I have a German souvenir sure enough. A piece of high explosive shell went through my leg and took my ankle out on the other side. I got hit July 31. I am having a wonderful time with all that. Tell mother I will write her soon'"

THE NEW LIBERTY LOAN POSTERS

Famous Artists Show How the Hated Hun Fight Women and Children.

Ten million posters and display cards designed in the spirit of "no compromise with the Hun" have been prepared by the Bureau of Publicity of the Treasury Department for the Fourth Liberty Loan campaign, which begins September 28. The designs are eleven in number, ten of them being pictorial in their appeals, and the eleventh, a card, carrying a representation of the Fourth Liberty Loan button and exhorting every loyal American to wear the button as a badge of honor.

All of the designs were donated by widely known artists. The privilege of submitting designs was thrown open to the American public and the designs were selected without reference to the affiliations of the artists. The new posters "hit the Hun between the eyes," figuratively speaking, revealing the menace of Teutonic "culture" in all its hideous significance.

A strong appeal to the nobler instincts of humanity is contained in Walter H. Everett's design, the original of which is a fine oil painting of a mother clutching a child to her breast while another clings to her skirt, the mother's left arm stretched forth in an agony of appeal. This poster, lettered "Must children die and mothers plead in vain?" is 30 by 40 inches in size and is lithographed in ten printings. At the bottom is the exhortation which is repeated in various forms on all the posters, "Buy More Liberty Bonds." This is one of the most artistic posters that has been issued by the government. One million in all have been issued.

The celebrated lithographer, Joseph Pennell, has delineated the Statue of Liberty crumbling under German shell fire, and slumped against a ruined fire, and the blazing ruins of the city of New York. This poster is captioned "What Liberty Shall Not Perish From The Earth" and the observer is admonished to buy Liberty Bonds to prevent the vision from becoming a terrible reality. It is 34 by 44 inches in size. Five hundred thousand are being issued in four printings, and a smaller size in photographic.

The menace of Hunland is exemplified in a poster by F. Sarothman, which shows a green-eyed Hun with a bloody bayonet peering over the edge of Europe, his predatory gaze fixed upon the United States. At the shoulder of the monster stands the ruins of a cathedral, while behind him floats the smoke of wanton conflagration. The picture is captioned "Beat Back the Hun With Liberty Bonds," and is 26 by 30 inches in size. Seven hundred thousand of them are being lithographed.

One of the most powerful posters of the series is a bloody hand print captioned "The Hun—His Mark. Blot It Out With Liberty Bonds," typifying the murder lust of the Hun. The artist is J. Allen S. John. Five hundred thousand, 30 by 40 inches are being lithographed and 500,000 20 by 30 inches are also being issued.

Ever Thought What One Sailor Costs Us?

The cost of the U. S. Navy per man per day during the first six months of the fiscal year 1918 varied from 40c on the larger types of vessels to 72c on the smaller types. A \$50 Liberty Bond will keep a sailor for 102 days in the larger vessels and for 68 days on the smaller types.

with the Imperial German eagle and captioned "Keep These Off the U. S. A." constitutes another poster and conveys a message which may be read and understood at a glance. Five hundred thousand of these, size 30 by 40 inches, are being lithographed in four printings. The artist is John Norton.

Critics consider a design by Elmsworth Young one of the strongest of the series. It shows a silhouette of a Hun dragging a girl against a vivid background flecked with blazing numbers, and bears the significant caption "Remember Belgium." This poster is 20 by 30 inches in size and 1,000,000 of them are being lithographed in four colors.

An oblong poster, 36 by 56 inches, by J. Scott Williams represents a figure of Victory being dragged and with matching troops silhouetted against a stormy background. Behind the figure of Victory is a majestic representation of the American eagle in full flight. This poster is being lithographed in four printings and is also being used as a 24-sheet poster for billboards. It will be displayed on express wagons. Six hundred thousand are being lithographed.

A girl in white dress is depicted in American in a heroic attitude, title and sword in hand, facing the foe. This poster is the starting admonition. It is 20 by 30 inches in size and is being lithographed in eight colors. One million of them are being issued.

Hun of Hunland is depicted in a poster by Henry Rude, the artist who executed the "Hit the Hun" poster which was so popular in the Third Liberty Loan campaign. Mr. Rude's Fourth Liberty Loan poster represents a Hun invading a home while a little girl with a knife in her hand gives in startled apprehension at him. This poster is 20 by 30 inches in size. Six hundred and forty thousand of them are being lithographed in six colors.

Howard Chandler Christy is the designer of the fourth poster, which shows the figure of Victory towering above a gun crew in action on a battleship, and captioned, "Clear the Way." Mr. Christy's representation of the gun crew was taken from a photograph made by an officer who was seated in a funnel on a battleship when a gun was actually being served. He gave the picture to Mr. Christy who has used it in the preparation of his Fourth Liberty poster. Experts have declared the poster to be technically accurate even to the marking of the shell itself, which distinguishes it from a target shell, and makes it clear to the initiated that it is in actual service shell for sinking submarines. This poster is 20 by 30 inches in size and 1,000,000 are being lithographed in eight colors.

The posters will become available to the public through the Liberty Loan committees of the respective districts but they will not be displayed until September 28th, when the campaign opens.

"The greater the difficulties that we encounter, the more trying the discovery that our Allies suffer the stronger becomes the determination of our people to see this war through to fight the Huns down to his knees."—William H. Taft

Sure, it is going to be a long war—but don't worry, for worry never won a war. And work will. Do your share—your full share—and do it daily.

QUALIFIED MEN GET GOOD OPPORTUNITY IN SPECIAL CALLS

The Selective Service headquarters have received their notices concerning the voluntary special calls issued by State Headquarters at Harrisburg. These calls are three in number. The first is for 450 white men qualified for general military service to entrain for Carnegie Institute of Technology, Pittsburgh, Pa., on October 15th for instruction as auto mechanics, blacksmiths, carpenters, foundrymen, instrument repairmen, machinists, surveyors, general draftsmen and welders.

The second call is for 500 white men qualified for general military service to entrain for Pennsylvania State College on October 15th for instruction as electricians, general mechanics, radio electricians, foundry men, surveyors, topographical draftsmen and truck drivers.

No. 3 is for 1500 white men qualified for general military service to entrain for University of Pittsburgh on October 15th for instruction as auto drivers and repairmen, gas enginemen and sheet metal workers.

All registrants inducted under these calls must have had at least a grammar school education or its equivalent or who have the ability to read and write and who have had at least four years of grammar school education and who have some aptitude for mechanical work and some experience along the lines of training mentioned above. The local boards will accept applications from qualified volunteers until October 12th on which date the voluntary period ceases.

Men selected for this service will receive a course of training at government expense fitting them to serve in army positions both at the front and behind the lines. Men will be assigned to that kind of mechanical training for which the greatest need exists at the time of the call. At the end of the course they will be assigned to various branches of the service in accordance with the needs of the army and they are to receive no assurance of assignment to any particular branch of the service. These are exceptional opportunities for qualified men.

Under this arrangement it will be necessary for the registrant desiring to volunteer for these calls to come to the office of the local board and sign a waiver or voluntary induction call.

WISHAW HAS 33 DEATHS FROM INFLUENZA; EVERY FAMILY HAS SUFFERERS

Serum, Atomizers and Masks Being Used by Doctors, Nurses and Undertakers

Wishaw, Oct. 5—Thirty-three of this town's 375 population have died up to 2 o'clock this afternoon in the epidemic of Spanish influenza that now seriously threatens the very existence of the town.

Practically every family in this village has at least one sufferer, and a majority of them have at least one fatality. The public school has been closed into a hospital and the minister's hall is serving as a morgue. Doctors, nurses and undertakers from surrounding localities are assisting in caring for the sick and the dead. The mines are idle because nobody is in condition to work. In fact the entire town is covered with a shroud of mourning, that is living even to the

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to keep your bowels regular. There's no need of saving a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

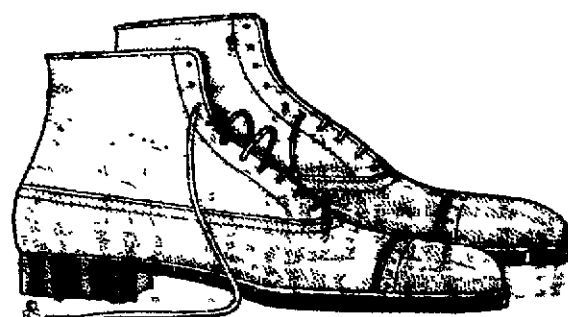

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Market St. Opposite Court House Clearfield, Pa

hardened undertakers

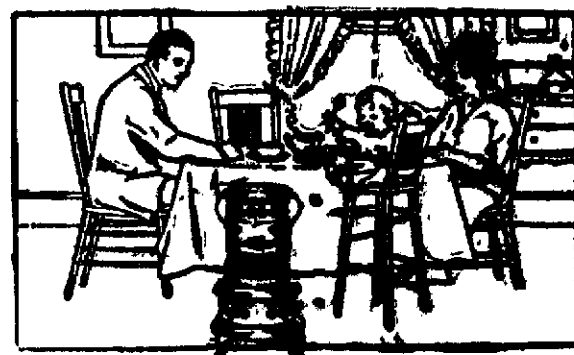

Reynoldsville, Oct. 5—Eight deaths have resulted here from the Spanish influenza epidemic. All of the schools, churches and public places, including eating houses, have been closed and a quarantine is being maintained to keep the disease from spreading to other nearby localities.

BRUCE REED DOWN WITH PNEUMONIA

Archer H. Reed received a telegram this morning which stated that his son Bruce Reed, with a U. S. army

air squadron in Texas, is in the camp hospital suffering from a severe attack of pneumonia.

Think of the U-Boats. Bonds fight on destroyers. YOU must be a hero, too! Would you like Hun rule? Bonds build battle-palms. American boys are calling. INVEST STILL MORE. Buy every Bond you can. Speed victory with Bonds. Save more, and buy more! BUY, BUY, AGAIN! It's YOUR turn now! Think of the murders. Help strike the blow!

Take The Chill off The House

When the youngsters come tumbling out of bed these chilly mornings they should be greeted with a warm room in order to avoid the chance of the chill that presages influenza.

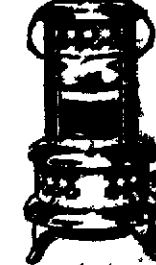

A PERFECT HEATER will keep your house cozy and warm these mornings and it will not be needful to start the furnace—saving coal.

The ease with which these PERFECT HEATERS are moved from room to room as you go through the morning's work makes them the ideal heat for the season.

PERFECT OIL HEATERS

You're patriotic in saving coal; you're avoiding chances of taking cold yourself and having a warm room or rooms for the kiddies when they first hop out of bed.

These PERFECT HEATERS are economical in oil burning.

WILLIAM F. POWELL

SECOND STREET

Let Us All Go The Limit

Germany's Terms

By Count Roon

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Briey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

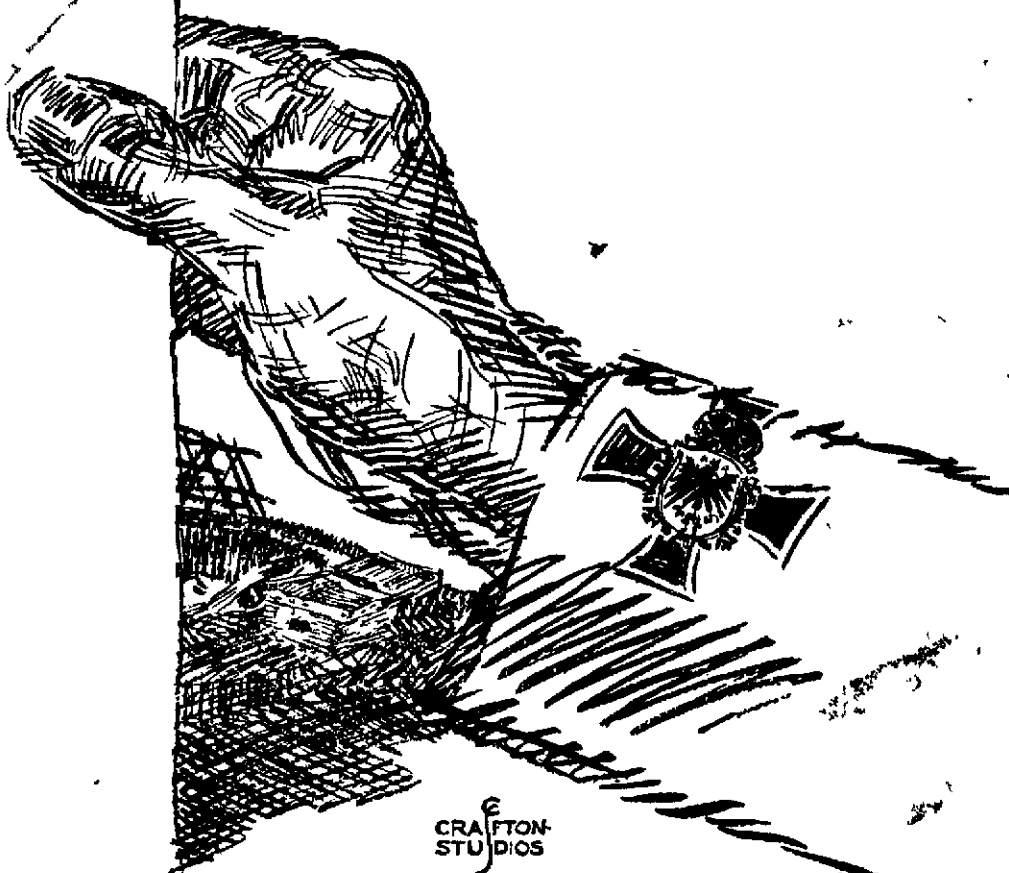

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France, and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

How Are You Going To Answer Germany's Peace Terms?

THE greatest advertisement for the Fourth Liberty Loan of the United States of America has been written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed above. Read it carefully.

Forty-five billion dollars or more indemnity!

This, then, is the price the world must pay for a victorious German peace. This, then, is the footnote to the Kaiser's prayer, expressed in the coldest terms of plainest business.

This is the meaning of war to the Prussian, as he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land to-day so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

These days will tell, for as you place your name upon that subscription blank for Liberty Bonds you state the price your land, your liberty and democracy are worth to you today.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

The E. W. Rose Co., Cleveland, O.

NEWS OF OUR NEIGHBORS CURWENSVILLE

A severe and heavy wind and rain storm visited this section Saturday night. Trees were blown down, strips of paper roofing on dwellings torn loose and blown from the roof onto some other fellow's premises. The storm lasted for more than two hours and in some places was very destructive.

Dean Rankin, wife and child motored in from Purchase Line, Indiana county, Saturday and spent Sunday and Monday at the home of Mr. and Mrs. Walter Norris near town.

So far as can be learned Curwensville has no cases of the flu yet. The board of health has taken every precaution in their power to prevent the disease entering the town. All places of amusement are closed, schools shut down and yesterday no Sunday school or church services were held in town, thus preventing the mingling together of a number of people at one place. Several slight cases of grip are reported in different sections of the town.

Owing to the bad weather the ladies' parade advertised to take place Saturday evening did not materialize.

By request of the federal authorities the Moose club will close on Sunday and also at 10 o'clock each evening for the time being. The request was made in order to conserve coal.

According to a published notice in the Herald, a missionary meeting, under the auspices of the Woman's Missionary society of the Clearfield Baptist association, will be held in the Baptist church Tuesday October 8 at 2:30 p. m. Miss Bates, a missionary worker, will be the speaker. An offering will be received. Everybody invited.

The communion services which were to have been held in the Presbyterian church Sunday forenoon have been postponed until later on.

Mrs. George Phillips, who moved to Detroit, Mich., about a year ago, has returned with her daughter, Mary and will make her home in this neighborhood during the winter months at least.

Mrs. Wink whose home is in Fulton county, arrived at the home of her son, William Wink in Pike township, and will make her home with him during the winter months. Mr. Wink is engaged in farming and dairy business on the old Robert Neepor farm, Chestnut Ridge.

T. Lawrence Way and William T. Wink, two of Pike township's progressive farmers have each purchased a corn harvester.

The big Liberty Loan meeting held at Lumber City last Thursday night was a rousing success in every particular. Very encouraging reports were brought back from the meeting by those who attended from this place. You can count on the patriotic citizens of that upriver village not falling a dollar short on the town's allotment of bonds.

Ordinance No. 80 regulating traffic on the streets and alleys of this borough and providing penalties for violations thereof was published in the Herald last week. The wording consists of nine sections dealing with all of the whys and wherefores of the case. Now the questions is will this same ordinance be enforced or will it be allowed to remain a dead letter as other similar ordinances. It is now up to the burgess and chief of police. Will they enforce it?

On Tuesday, November 5th, 1918, the voters and taxpayers will have a chance of voting on the question of increasing the borough indebtedness in the sum of \$12,000. The loan is asked for and to be applied to the purchasing of new fire apparatus. It is now up to the individual voter. Let him go to the polls and vote.

WOUNDED SEVERELY

The name of Frank Pusateri appears in the list of those severely wounded in today's casualty list. This young man is a brother of Mrs. Frank Cimo, of North Third street, and enlisted in the U. S. army of Buffalo where he resided.

Mrs. Cimo was notified by telegram from the war department one day last week that her brother had been severely wounded in action on August 27th last.

either yea or nay.

Miss Edith Patton, who signed up some time ago as a moto truck driver will leave for France shortly to assume her duties with the American army service.

A good many Curwensville dames were sorely disappointed when they learned that the woman's suffrage bill had been defeated in the senate by a vote of 53 to 31. They are not going to give up the ship yet but are going to stay right in the fight hoping for better luck next time.

Miss Lucilla Hipps has accepted a clerkship in the Boston stove, since Miss Mary Wright resigned who goes to Maple avenue hospital, DuBois, to take up a course of nursing.

Rev. and Mrs. B. H. Conley and son Albert, left today for Pittsburgh. Mr. Conley will be treated for eye trouble while in the city while his better half and son will visit a daughter and sister at Tarantum before returning to Curwensville.

Mrs. J. S. Richards, whose home is on George street, and who has been in Clearfield hospital for several months for treatment, has returned and her many friends are glad to know her health is much improved.

Owing to the closing order of the board of health there was no preaching in the Baptist church on Sunday.

Mrs. William Hipps and daughter, Grace, have gone to Johnstown for a two weeks' visit with two daughters and sister.

Mrs. William Harley, of Clearfield, were town visitors with Curwensville relatives yesterday. The Harley family were former residents of this place. Harry Bilger, manager of the Park hotel was in Johnsonburg several days during the latter part of last week.

It was reported to friends of L. H. Weber of Pike township yesterday that he had been taken seriously ill a few days previous and that his ailment was taking the form of a very serious nature.

Mrs. Robert Eskert of Susquehanna avenue, is confined to her home by a severe attack of the grip. It is not considered, however, that the attack will terminate in influenza. A number of town people are suffering from bad colds and something akin to old fashioned grip.

Miss Dorothy Edmiston is helping out the clerical force at the Wolf clothing emporium during evenings and Saturdays.

Several accidents were reported to have occurred among boys who spent the Sabbath chestnating and from falling from trees.

OBITUARY

OBITUARY

Benjamin F. Lucas died at his home in Kylertown on September 25, 1918. The deceased was born near Unionville, Centre

1835, and was therefore 83 years, 4 months, and 25 days of age at the time of his death.

He was a kind husband and father and a good citizen in every sense of the word. He served in the Union army during the Civil war and possessed a fine military record.

He is survived by his aged widow, three sons, Lewis, at home, Philip, of Williams; twenty-two grand children and twelve great grand children.

He was long a consistent member of the Messiah church, near Kylertown.

The funeral occurred Wednesday afternoon, October 2d. Interment at Kylertown.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.
God in His wisdom has recalled
The one His love hath given;
But though the body moulders here
His soul is safe in heaven.

WOUNDED SEVERELY

The name of Frank Pusateri appears in the list of those severely wounded in today's casualty list. This young man is a brother of Mrs. Frank Cimo, of North Third street, and enlisted in the U. S. army of Buffalo where he resided.

Mrs. Cimo was notified by telegram from the war department one day last week that her brother had been severely wounded in action on August 27th last.

The Flavor Lasts

WHY "DOUGHBOYS"

A doughboy is an American soldier and American soldier, infantryman, artilleryman medical department, signal corps sharp, officers and men alike all are called doughboys, says the Stars and Stripes, our cartoonist is one so is General Pershing.

The term "doughboys" dates back to the Civil War when army wit was aroused by large popular brass buttons on infantry uniforms. Somebody (he must have been a sailor) dubbed the buttons "doughboys" because they reminded him of the baked dumplings of raised dough served in ships' messes and known to all sailors as doughboys. Originally, it referred only to an enlisted infantryman, but the A. E. F. applies it to all branches and all grades of the service.

GO IN FOR CHEMICALS NOW

The regular booze fighters took to drinking lemon extract and Jamaica ginger Saturday and Sunday following the closing of the bars. The grocers and drug stores could do their bit very patriotically by refusing to sell such chemicals to bibulously inclined patrons these draught days.

GOSHEN RESIDENT DIES

Henry Ellis Kyler, a respected Goshen resident citizen, died at his home near Shawville at an early hour this morning aged 79 years.

HOSIERY

"Speaking of Hosiery"

"Speaking of hosiery," said a woman who does the buying for a fair sized family, the other day, "I have always found that I can get the best hosiery for myself and the children at Ross & Woods that I can get anywhere.

They carry the standard lines and these lines seem to stand the wear better than anything that I have found yet. The Burson hose for myself, the Jim Dandy for the children, and my husband always goes there for his hosiery as he says he can wear their hosiery longer without having his toes through than any he has ever worn."

This woman's experience is not out of the ordinary for our regular hosiery patrons and if you'll try a pair of our standard line you'll become just as enthusiastic as she is.

THE HOME OF THE EDUCATOR SHOE

The Fourth Liberty Loan Committee Appeals in this Influenza Crisis to the Patriotic People of CLEARFIELD!

We are shorn by necessity of the natural channels for reaching you to ask your subscription to Bonds of this Fourth Liberty Loan. All gatherings are called off! The loyal volunteer workers cannot see you--- you will have to see them!

Therefore, People of Clearfield, it is squarely up to YOU personally, individually to come forward at ONCE and buy the full amount of Bonds you were going to take anyway!

Go to your employer, to any Bank or Trust Company, to any business place, or store, to any Booth, and BUY without waiting for someone to SELL you Liberty Bonds!

Now Is The Accepted Time!

LIBERTY LOAN COMMITTEE

The War Industries Board and Various Stores Throughout the Country Have Come to the Decision to Urge Xmas Gift-buying Beginning October 1st.

No Extra Help Will Be Employed During the Holiday Period

Another important decision was to urge the giving of practical gifts. Practical gifts include any item that will be useful as a full measure to the recipient. Such items as clothing of any nature are strongly advocated as being in direct line with the wartime spirit this Christmas. Another thing—it has been found that toys are largely made of waste products, in consequence of which it is perfectly all right to give toys to the children.

In view of the fact that the Government has been assured that no extra labor would be used by any stores during December, you will do your share by starting Christmas shopping NOW, and furthermore save in so doing.

Announcing Beginning Tomorrow and Continuing For One Week

An Important October Sale

It does not require any special business ability for a merchant to buy goods at a certain price and sell them at a certain price, but it does require merchandising ability to be able to purchase desirable, seasonable and fashionable merchandise at costs less than those prevailing and through careful business methods be able to offer such goods at less costs than they can be bought elsewhere.

This, then, is the sole reason that has made possible this October Underselling Event.

New, desirable merchandise of every kind may be purchased here during this week at less cost than what they will be next week.

It is hardly necessary for us to urge purchasing liberally for your needs well in advance. Below are listed a limited number—to give you an idea of the scope of the values offered.

NEW STORE HOURS

Store opens every morning at 9 a. m. and closes at 5 p. m. except Saturday store close at 9 p. m.

LIBERTY BONDS ARE INSURANCE FOR RAINY DAYS

BUY MORE LIBERTY BONDS

Plainly and in a few words, Liberty Bonds are your insurance against rainy days. More than that—they not only provide your government with money to carry on the war to a final conclusion but they bring to you a safe interest just as long as they bear the signature of Uncle Sam. Put all your savings into Liberty Bonds.

A Very Important Collection of The New Fall Coats at \$35

Realizing there was possibility of a curtailment of the manufacture of women's coats, as well as a possible curtailment in the use of fur, we placed orders unusually early, and so are able to offer to our customers one of the most comprehensive collections of Fall garments this store has ever had the pleasure of showing.

Every desirable wanted style of the season is represented.

"Smart simplicity" but describes the character of the styles, and yet the styles are so developed as to provide beautiful, distinctive, and individual effects that will appeal to every woman desiring a coat of beauty and practicability.

The coats are made of velour, gaberdine, broadcloth, etc. Some are trimmed with fur.

Other new Fall coats from \$19.75 to \$87.50.

Our Millinery Department Is Featuring Hats at \$7.50

We have taken two tables full of hats recently arrived and marked them at the flat price of \$7.50. We knew that if we are to create greatest interest in the collection, the range of styles should be exceptionally broad and values prominent.

Some of the hats show strikingly new ideas, for quite a number of entirely new models have made their appearance for this Autumn. Here are the black velvets effectively trimmed, beavers particularly suited for certain types of suits, as well as dressy hats of satin etc.

If you intend spending \$10, \$12 or \$15 for a hat, you will be agreeably surprised both as to values and individualism in these new hats at less than half the price.

Other smart models from \$5.00 to \$15.00.

A Very Special Showing of Smart New Dresses at \$27.50

These new Fall dresses in such smart styles is merely a case where we have been able to get in touch with the proper manufacturers to secure garments of decided worth at a low cost.

The dresses are in the very newest modes of the season and in such materials as satins, crepe-de-chine, Jerseys, serges, etc. A large range of new colors to choose from.

Other beautiful dresses are shown from \$15.00 to \$67.50

We Could Not Give You Better Advice Than To Buy Furs Now

Inasmuch as the War Industries Board has requested that all persons intending to make Christmas gifts buy them just as early as possible, you can very well understand that the choice, pieces, and choicest styles are sure to go to those who purchase first. While our stocks are now so very complete, you can readily see the advantage of immediate selection.

New Fur Scarfs \$19.75 to \$75.00. Fur Muffs \$19.75 to \$75.00.

PLENTY OF SMART GEORGETTE BLOUSES TO WEAR WITH THE NEW SUITS

It matters not how smart or how fashionably designed your suit may be, unless you wear with it an attractively designed blouse, half of the beauty of the suit is lost.

These new blouses are not only made of an excellent quality georgette crepe, fashioned in the best modes of the season, but also in such shades as are particularly desirable for wearing with the new Fall suits.

They seem to blend in the style and color effect of the suit, yet cost no more than ordinary georgette blouses.

If you contemplate buying a new Fall suit, why not let us show you some of the new georgette blouses at the same time, so as to secure a desirable combination in one visit.

The new georgette blouses are priced at \$5.95 to \$16.50.

Silk Stocking at \$1.25

We selected \$1.25 as the price for this quality silk stocking and then set about looking for a firm who had the best to be sold at \$1.25. Such extra efforts exerted by a store bring results. There is not a doubt about it. As a matter of fact, we have seen the identical silk stockings selling at \$1.69 at certain stores.

These are of ingram silk with the exception of lisle tops and soles, to assure greater service with high top shoes. May be had in a full range of colors, including an ample quantity of white.

A Small Lot of Last Year's Kid Gloves \$1.39 regular \$2

Remaining over from last year, this is one of the choicest morsels of merchandise in the store. Today's lot includes one- and two-clasp styles, black, white and various contrasts.

Special table in the glove section.

Special lot of ladies' silk gloves at, pair 39c

Ladies cashmerette gloves all colors at, pair 75c

Ladies' white chamoisette gloves at, pair 75c

Women's Fall Skirts at \$5.95 to \$25 Unquestionably the Most Beautiful Skirts in Clearfield

And there are quite as many skirts that follow the plain type as dressy models and plaids. Each skirt distinctive and smart.

Whether it is a skirt of the favored silks, or one of the new, rich, plaid, wool materials, or a skirt for business, you can rest assured that you could not possibly make such effective styles as you will find in this collection.

A SHOWING OF SPLENDID MADE SUITS FOR FALL AT \$35.00

These garments embrace every new style feature of the season. Tailored and fashioned in the season's newest modes.

They are suits having that peculiar atmosphere of individuality of design so much sought after by the woman who wants to be smartly clothed.

And, allow us to emphasize that the workmanship is of the highest order and trimming of a superior quality—you can readily appreciate the additional service possible when a garment is well made and lined with good materials, aside from escaping the annoyance of linings pulling out, this or that seam ripping.

These are in fact splendid tailored suits at \$35.00

Other high grade suits from \$25.00 to \$87.50.

Blankets

This is an "extra" sent out to our customers advising of the stocks at this store.

When one woman comes to the store and says "I'm buying blankets now for the simple reason that it is better to be safe than sorry." We are going to allow this woman to pass her advice on to the rest of our customers.

It's good advice, too.

SOLDIERS WANT TO FINISH THE JOB

WASHINGTON, Oct. 7.—Facing a daily average of \$425,000,000 to attain the minimum six billion mark the Fourth Liberty Loan campaign today went into the second lap. Over Sunday reports had very little reason for optimism, it was officially announced at the Treasury Department today. Intensive preparation was the only encouraging sign contained in the early Sunday morning reports.

By Carl D. Groat

WASHINGTON, Oct. 7.—President Wilson's reply to the Tunician peace proposals will be a refusal to accept, according to strong indications from a high governmental authority today. This authority, who predicted accurately the rejection of the last Austrian peace note said today that he "assumed the answer would be a rejection". The State Department declined official comment on the peace note situation.

It was officially announced that the Swedish minister had delivered the Austrian note at about the same hour the Swiss minister who had received the German note was carrying it to the White House.

The American temper is for a war to the finish—an unconditional surrender by Germany as an essential preliminary to peace negotiations. All letters and telegrams pouring into Washington today expressed the popular will against a dictatorship with the Kaiser and his Allies.

President Wilson meantime was working on a note said to be in connection with the situation. It was stated that the Austrian proposal would be given a sharp rejection.

It was considered probable that the peace proposal of Prince Max, the new German chancellor, which was received from the Swiss minister, would be quickly and decisively disposed of. All indications were that America and her Allies want to finish the war.

All reports from staff correspondents of the United Press abroad showed that the temper is for battle until the Kaiser is brought completely to his finish. Declaring that an armistice would only prolong the war, Senator Poindexter today started a discussion in the Senate on the Austro-German peace offer. In a war colloquy with Senator Hitchcock, chairman of the Foreign Relations committee, Poindexter declared that Hitchcock openly favored an armistice. Senator Hitchcock sharply denied this and declared hotly that an armistice now "is a preponderous impossibility."

By Webb Miller

PARIS, Oct. 7.—I learned the fighting man's opinion of the German peace proposals as I went among the boys today.

"It's up to Wilson," declared Frank Parker, of Chicago. "Whatever he says goes with me. I don't believe he will quit until Germany is licked."

"Germany is burning our homes and taking our furniture," Henry Voinson, of Brussels, told me. "Belgium should give them an armistice so they can take the remainder."

"Marshal Foch is giving them the answer that a million of other Frenchmen share," declared George Baron, of Paris.

"I am ready to quit when it is finished, not before," said Edward Hill, of Adelaide, Australia.

TEXT OF NOTE TO PRESIDENT CONTAINING GERMANY'S
PLEA FOR CESSATION OF HOSTILITIES

AMSTERDAM, Oct. 6.—The text of the note forwarded by the Imperial German Chancellor, Prince Maximilian, to President Wilson, through the Swiss government, reads:

The German government requests the President of the United States to take in hand the restoration of peace, acquaint all the belligerent states of this request and invite them to send plenipotentiaries for the purpose of opening negotiations.

It accepts the program set forth by the President of the United States, in his message to Congress on January 8 and in his later pronouncement, especially his speech of September 27, as a basis for peace negotiations.

With a view to avoiding further bloodshed, the German government requests the immediate conclusion of an armistice on land and water and in the air. It is announced that Turkey will take a similar step.

HOW GROWS YOUR PATRIOTISM?

The tulip grown in the garden, when cut and placed on the library table then retains its perfection of bloom for many days because it has had the advantage of good roots and the amount of sunlight that nature intended it should have.

The tulip grown under the glass of the green house and forced to open its petals under the skillful doctoring of the florist in order to be ready for the market on a special day will be just as perfect a specimen but it will lack the strength necessary to make it last.

When we went to war with Germany we found a great many greenhouse patriots in our populace. For these there were parades and demonstrations arranged and under the enthusiasm and inspiration of these great noisy gatherings many a man was transformed into a fighting, looting, paying, sacrificing patriot and while some of them retained the patriotic fervor they imbibed from these meetings there were others who had to go through the same sort of thing again.

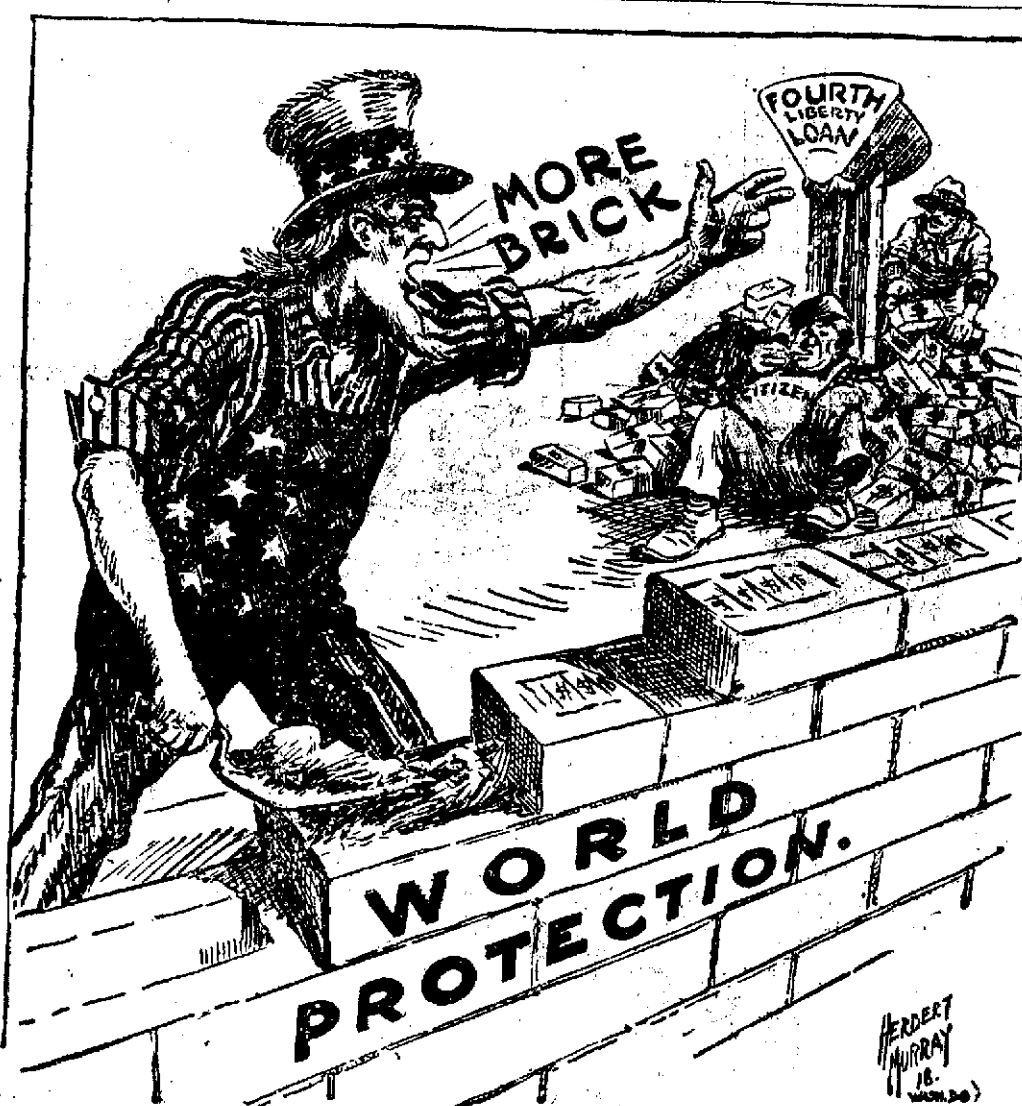

To a large degree the same people have successively subscribed for each Liberty Loan and now that all Liberty Loan meetings are called off we are given a chance of showing whether we are real garden grown patriots or just the greenhouse variety which unfolded our petals of silver and gold under the persuasion of the sun of inspired enthusiasm.

Look yourself over and place yourself under the canopy of the sun which shines over the most glorious of lands and put yourself in with the garden variety of patriots, hardy, strong, and a perennial, blooming forth with Liberty Bond savings the year around; or

Set yourself down as a greenhouse patriot; a mere potted plant that must depend on some one to come around and coax and cajole into unfolding your petals of silver and gold.

And by the way, one of the methods of knowing a garden grown patriot when you meet him on the street is the little Fourth Liberty Loan button they are all wearing in their lapels.

Fill Up The Hod

AIDES FOR NURSES

The Red Cross has been asked to form a class of women who are willing to take a short course in the care of the sick. These instructions will be given by the physicians of our town, and persons taking the instruction will be expected to volunteer for Home Service here in any emergency that may arise. Such a course would certainly prove beneficial to those who can take it, as it will put them in a position to assist the trained nurses in the care of the sick or injured in case of pestilence or disaster.

Will those who are willing to enter such class, and render service in case of need, send their names to The American Red Cross, Murray Building, Clearfield, Pa., giving their telephone number or phone through which they can be reached.

Call Bell telephone 57 or H. & C. No. 39.

J. FRANK SNYDER, Chairman,
Clearfield Pa. Chapter, A. R. C.LLOYD I. MULSON WOUNDED
IN ACTION

Sad news arrived at the home of Mr. and Mrs. P. A. Mulson Sunday, Sept. 22. A telegram from the War Department stating that their son, Sergeant Lloyd I. Mulson, of Co. E, 1st Regiment Engineers, was severely wounded in action July 20, 1918.

Sergeant Mulson enlisted on May 14, 1918, and sailed France on August 2. Four letters have been received from him since he was wounded, but the degree of his wound was not known until the telegram from the War Department was received.

HEALTH ORDER

Clearfield, Pa., Oct. 5 1918
On account of the epidemic of Spanish influenza prevailing in the State of Pennsylvania, all churches, Sunday schools, Parochial schools, Private schools Y. M. C. A., Gymnasium, Lodges and Assembly rooms and Salvation Army halls in the Borough of Clearfield are ordered closed until further notice.

Board of Health of the Borough of Clearfield.

W. E. REILEY
President

Very little development in the local Spanish influenza situation. The work of transforming the New Children's Home into an emergency hospital is progressing rapidly under the direction of Mrs. R. K. Cies and the Ladies Aid Society. The building will be in shape to receive patients by this evening. We have been unable to learn whether any additional cases have been discovered since yesterday.

AUSTRIA WHEN SHE ATTEMPTED TO
SECURE AN ARMISTICE

YANKEES AND FRENCH ADVANCING

By Lowell Mellett

With The British Army In France, Oct. 7.—The British army is ready to answer Germany's peace proposal today as it answered that of Austria a short time ago.

"Let them talk peace while the fighting continues," is the spirit of the soldiers. I had the pleasure this afternoon to break the peace news to many officers and men of the British forces behind a big train shed at Amiens station.

It was apparent from what was heard on all sides immediately after the word of the latest peace proposal went the rounds that so far as the British army is concerned, something definite in the way of peace offers is necessary before serious consideration may be found.

By Frank J. Taylor

(With The American First Army, Oct. 7.—Both wings of the American forces between the Argonne, the Meuse and the Meuse river continued to advance. Despite great efforts the German counter attacks failed.

By Webb Miller

PARIS, Oct. 7.—The Germans are burning the villages and towns behind their lines along the whole front from Lille to Rheims. This is believed to presage the retirement in several sectors. South of Cambrai the enemy is reported to have fallen back two miles on a seven mile front. At least a score of towns are in flames. Laon, the great communication center, and the woods east of St. Gobain massif was said to be afire yesterday. Sallaumines, east of Lens and several villages southeast and west of Lille and between Douai and Somain are burning. The French found Nogent-l'Abbessebein and all of the villages in the Suippe valley in flames.

Monseur Civrieux, writing in the Matin, said "the fighting continues and will continue to the end until there is a general German retreat. This retirement is announced by a burning of villages and it seems certain that a great evacuation is near. We must keep the Germans running until we find out what is behind these proposals. This war should be final so it will be the final war."

The German retirement from the present front in Flanders and northern France is believed to be a gigantic rear guard action for the purpose of holding at least until the Venetian line is completed. A few days ago the enemy prisoners indicated that the defense system was not quite ready. The roads behind the Hindenburg line and northeast are jammed with traffic of all characters including civil equipage.

PARIS, Oct. 7.—French troops have made further advances northeast of Rheims toward St. Masmes and penetrated Mouvine, the war office announced today. The Germans are offering powerful resistance on this front, particularly in the vicinity of Berticourt. Violent fighting continues all along the front north of St. Quentin where the enemy made numerous counter attacks.

Austro-German troops defeated by French and Serbian troops in central Serbia are retiring northward in disorder, the French eastern communique announced today. Capture of the important city of Vranje was confirmed. The Allied advance is continuing. French and Serbian troops captured Vranje 40 miles northeast of Iskub, the statement said. They are most energetically pounding the Austro-Germans who are retiring northward.

In Albania our troops continue to advance. The Serbians have occupied Debra.

OTTOMER PAGE DIES OF WOUNDS

The name of Ottomer R. Page, of Clearfield, appears in today's casualty list as having died of wounds.

Young Page is the fifth Clearfield boy to give up his life in his country's defense. He was a member of the Clearfield Military company and got his preliminary military training with that organization.

He has a sister Mrs. Alice Woods, of Church Way and a brother Frank Page, living on South Fourth street.

On Thursday last The Progress published the following from the de-

ceased soldier.
"Ottomer Page, in a recent letter to his brother in law D. F. Woods of Church Way says: 'As I lie on my cot I will write you a few lines to let you know that my wound is rapidly getting better. Dave, I got a German for you and two for myself before they got me. I don't know whether I will get another chance at them or not. I have a German souvenir sure enough. A piece of high explosive shell went through my leg and took my ankle out on the other side. I got hit July 31. I am having a wonderful time with all that. Tell mother I will write her soon'"

THE NEW LIBERTY LOAN POSTERS

Famous Artists Show How the Hated Hun Fight Women and Children.

Ten million posters and display cards designed in the spirit of "no compromise with the Hun" have been prepared by the Bureau of Publicity of the Treasury Department for the Fourth Liberty Loan campaign, which begins September 28. The designs are eleven in number, ten of them being pictorial in their appeals, and the eleventh, a card, carrying a representation of the Fourth Liberty Loan button and exhorting every loyal American to wear the button as a badge of honor.

All of the designs were donated by widely known artists. The privilege of submitting designs was thrown open to the American public and the designs were selected without reference to the affiliations of the artists. The new posters "hit the Hun between the eyes," figuratively speaking, revealing the menace of Teutonic "culture" in all its hideous significance.

A strong appeal to the nobler instincts of humanity is contained in Walter H. Everett's design, the original of which is a fine oil painting of a mother clutching a child to her breast while another clings to her skirt, the mother's left arm stretched forth in an agony of appeal. This poster, lettered "Must children die and mothers plead in vain?" is 30 by 40 inches in size and is lithographed in ten printings. At the bottom is the exhortation which is repeated in various forms on all the posters, "Buy More Liberty Bonds." This is one of the most artistic posters that has been issued by the government. One million in all have been issued.

The celebrated lithographer, Joseph Pennell, has delineated the Statue of Liberty crumpling under German shell fire, and slumping against a flinty fire, and the blazing ruins of the city of New York. This poster is captioned "What Liberty Shall Not Perish From The Earth" and the observer is admonished to buy Liberty Bonds to prevent the vision from becoming a terrible reality. It is 30 by 40 inches in size. Five hundred thousand are being issued in four printings, and a smaller size in photographic.

The menace of Hunland is exemplified in a poster by F. Sarothman, which shows a green-eyed Hun with a bloody bayonet peering over the edge of Europe, his predatory gaze fixed upon the United States. At the shoulder of the monster stands the ruins of a cathedral, while behind him floats the smoke of wanton conflagration. The picture is captioned "Beat Back the Hun With Liberty Bonds," and is 20 by 30 inches in size. Seven hundred thousand of them are being lithographed.

One of the most powerful posters of the series is a bloody hand print captioned "The Hun—His Mark. Blot It Out With Liberty Bonds," typifying the murder lust of the Hun. The artist is J. Allen S. John. Five hundred thousand, 30 by 40 inches are being lithographed and 500,000 20 by 30 inches are also being issued.

Ever Thought What One Sailor Costs Us?

The cost of the U. S. Navy per man per day during the first six months of the fiscal year 1918 varied from 40c on the larger types of vessels to 72c on the smaller types. A \$50 Liberty Bond will keep a sailor for 102 days in the larger vessels and for 68 days on the smaller types.

with the Imperial German eagle and captioned "Keep These Off the U. S. A." constitutes another poster and conveys a message which may be read and understood at a glance. Five hundred thousand of these, size 30 by 40 inches, are being lithographed in four printings. The artist is John Norton.

Critics consider a design by Elmsworth Young one of the strongest of the series. It shows a silhouette of a Hun dragging a girl against a vivid background flecked with blazing numbers, and bears the significant caption "Remember Belgium." This poster is 20 by 30 inches in size and 1,000,000 of them are being lithographed in four colors.

An oblong poster, 36 by 56 inches, by J. Scott Williams represents a figure of Victory being dragged and with matching troops silhouetted against a stormy background. Behind the figure of Victory is a majestic representation of the American eagle in full flight. This poster is being lithographed in four printings and is also being used as a 24-sheet poster for billboards. It will be displayed on express wagons. Six hundred thousand are being lithographed.

A girl Whitehead has depicted an American in a heroic attitude, title and brand in hand, facing the foe. This poster is the starting admonition. It is 20 by 30 inches in size and is being lithographed in eight colors. One million of them are being issued.

Hun of the world is depicted in a poster by Henry Rude, the artist who executed the "Hit the Hun" poster which was so popular in the Third Liberty Loan campaign. Mr. Rude's Fourth Liberty Loan poster represents a Hun dragging a home while a little girl with a knife in her hand is starting apprehension at him. This poster is 20 by 30 inches in size. Six hundred and forty thousand of them are being lithographed in six colors.

Howard Chandler Christy is the designer of the fourth poster, which shows the figure of Victory towering above a gun crew in action on a battleship, and captioned, "Clear the Way." Mr. Christy's representation of the gun crew was taken from a photograph made by an officer who was seated in a funnel on a battleship when a gun was actually being served. He gave the picture to Mr. Christy who has used it in the preparation of his Fourth Liberty poster. Experts have declared the poster to be technically accurate even to the marking of the shell itself, which distinguishes it from a target shell, and makes it clear to the initiated that it is in actual service shell for sinking submarines. This poster is 20 by 30 inches in size and 1,000,000 are being lithographed in eight colors.

The posters will become available to the public through the Liberty Loan committees of the respective districts but they will not be displayed until September 28th, when the campaign opens.

"The greater the difficulties that we encounter, the more trying the discovery that our Allies suffer the stronger becomes the determination of our people to see this war through to fight the Huns down to his knees."—William H. Taft

Sure, it is going to be a long war—but don't worry, for worry never won a war. And work will. Do your share—your full share—and do it daily.

QUALIFIED MEN GET GOOD OPPORTUNITY IN SPECIAL CALLS

The Selective Service headquarters have received their notices concerning the voluntary special calls issued by State Headquarters at Harrisburg. These calls are three in number. The first is for 450 white men qualified for general military service to entrain for Carnegie Institute of Technology, Pittsburgh, Pa., on October 15th for instruction as auto mechanics, blacksmiths, carpenters, foundrymen, instrument repairmen, machinists, surveyors, general draftsmen and welders.

The second call is for 500 white men qualified for general military service to entrain for Pennsylvania State College on October 15th for instruction as electricians, general mechanics, radio electricians, foundry men, surveyors, topographical draftsmen and truck drivers.

No. 3 is for 1500 white men qualified for general military service to entrain for University of Pittsburgh on October 15th for instruction as auto drivers and repairmen, gas enginemen and sheet metal workers.

All registrants inducted under these calls must have had at least a grammar school education or its equivalent or who have the ability to read and write and who have had at least four years of grammar school education and who have some aptitude for mechanical work and some experience along the lines of training mentioned above. The local boards will accept applications from qualified volunteers until October 12th on which date the voluntary period ceases.

Men selected for this service will receive a course of training at government expense fitting them to serve in army positions both at the front and behind the lines. Men will be assigned to that kind of mechanical training for which the greatest need exists at the time of the call. At the end of the course they will be assigned to various branches of the service in accordance with the needs of the army and they are to receive no assurance of assignment to any particular branch of the service. These are exceptional opportunities for qualified men.

Under this arrangement it will be necessary for the registrant desiring to volunteer for these calls to come to the office of the local board and sign a waiver or voluntary induction call.

WISHAW HAS 33 DEATHS FROM INFLUENZA; EVERY FAMILY HAS SUFFERERS

Serum, Atomizers and Masks Being Used by Doctors, Nurses and Undertakers

Wishaw, Oct. 5—Thirty-three of this town's 375 population have died up to 2 o'clock this afternoon in the epidemic of Spanish influenza that now seriously threatens the very existence of the town.

Practically every family in this village has at least one sufferer, and a majority of them have at least one fatality. The public school has been closed into a hospital and the minister's hall is serving as a morgue. Doctors, nurses and undertakers from surrounding localities are assisting in caring for the sick and the dead. The mines are idle because nobody is in condition to work. In fact the entire town is covered with a shroud of mourning, that is living even to the

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to keep young — to do this you must watch your liver and bowels — there's no need of saving — yellow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

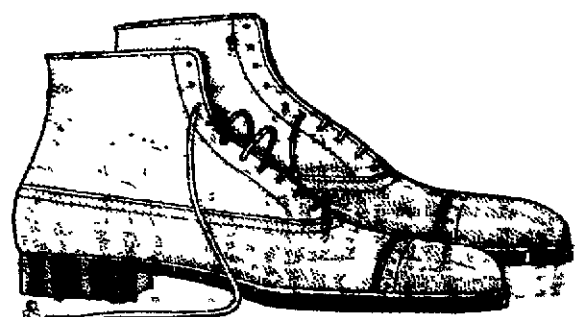

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Reynoldsville, Oct. 5—Eight deaths have resulted here from the Spanish influenza epidemic. All of the schools, churches and public places, including eating houses, have been closed and a quarantine is being maintained to keep the disease from spreading to other nearby localities.

BRUCE REED DOWN WITH PNEUMONIA

Archer H. Reed received a telegram this morning which stated that his son Bruce Reed, with a U. S. army

air squadron in Texas, is in the camp hospital suffering from a severe attack of pneumonia.

Think of the U-Boats. Bonds fight on destroyers. YOU must be a hero, too! Would you like Hun rule? Bonds build battle-pieces. American boys are calling. INVEST STILL MORE. Buy every Bond you can. Speed victory with Bonds. Save more, and buy more! BUY, BUY, AGAIN! It's YOUR turn now! Think of the murders. Help strike the blow!

Take The Chill off The House

When the youngsters come tumbling out of bed these chilly mornings they should be greeted with a warm room in order to avoid the chance of the chill that presages influenza.

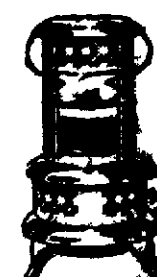

A PERFECT HEATER will keep your house cozy and warm these mornings and it will not be needful to start the furnace—saving coal.

The ease with which these PERFECT HEATERS are moved from room to room as you go through the morning's work makes them the ideal heat for the season.

PERFECT OIL HEATERS

You're patriotic in saving coal; you're avoiding chances of taking cold yourself and having a warm room or rooms for the kiddies when they first hop out of bed.

These PERFECT HEATERS are economical in oil burning.

WILLIAM F. POWELL

SECOND STREET

Let Us All Go The Limit

Germany's Terms

By Count Roon

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Briey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France, and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

CRAFTON STUDIOS

How Are You Going To Answer Germany's Peace Terms?

THE greatest advertisement for the Fourth Liberty Loan of the United States of America has been written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed above. Read it carefully.

Forty-five billion dollars or more indemnity!

This, then, is the price the world must pay for a victorious German peace. This, then, is the footnote to the Kaiser's prayer, expressed in the coldest terms of plainest business.

This is the meaning of war to the Prussian, as he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land to-day so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

These days will tell, for as you place your name upon that subscription blank for Liberty Bonds you state the price your land, your liberty and democracy are worth to you today.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

Help raise the Honor Flag! Buy Bonds and keep them. Show YOUR Americanism. If you love America, BUY! Now for the thunder-bolt.

NEWS OF OUR NEIGHBORS CURWENSVILLE

A severe and heavy wind and rain storm visited this section Saturday night. Trees were blown down, strips of paper roofing on dwellings torn loose and blown from the roof onto some other fellow's premises. The storm lasted for more than two hours and in some places was very destructive.

Dean Rankin, wife and child motored in from Purchase Line, Indiana county, Saturday and spent Sunday and Monday at the home of Mr. and Mrs. Walter Norris near town.

So far as can be learned Curwensville has no cases of the flu yet. The board of health has taken every precaution in their power to prevent the disease entering the town. All places of amusement are closed, schools shut down and yesterday no Sunday school or church services were held in town, thus preventing the mingling together of a number of people at one place. Several slight cases of grip are reported in different sections of the town.

Owing to the bad weather the ladies' parade advertised to take place Saturday evening did not materialize.

By request of the federal authorities the Moose club will close on Sunday and also at 10 o'clock each evening for the time being. The request was made in order to conserve coal.

According to a published notice in the Herald, a missionary meeting, under the auspices of the Woman's Missionary society of the Clearfield Baptist association, will be held in the Baptist church Tuesday October 8 at 2:30 p. m. Miss Bates, a missionary worker, will be the speaker. An offering will be received. Everybody invited.

The communion services which were to have been held in the Presbyterian church Sunday forenoon have been postponed until later on.

Mrs. George Phillips, who moved to Detroit, Mich., about a year ago, has returned with her daughter, Mary and will make her home in this neighborhood during the winter months at least.

Mrs. Wink whose home is in Fulton county, arrived at the home of her son, William Wink in Pike township, and will make her home with him during the winter months. Mr. Wink is engaged in farming and dairy business on the old Robert Neepor farm, Chestnut Ridge.

T. Lawrence Way and William T. Wink, two of Pike township's progressive farmers have each purchased a corn harvester.

The big Liberty Loan meeting held at Lumber City last Thursday night was a rousing success in every particular. Very encouraging reports were brought back from the meeting by those who attended from this place. You can count on the patriotic citizens of that upriver village not falling a dollar short on the town's allotment of bonds.

Ordinance No. 80 regulating traffic on the streets and alleys of this borough and providing penalties for violations thereof was published in the Herald last week. The wording consists of nine sections dealing with all of the whys and wherefores of the case. Now the questions is will this same ordinance be enforced or will it be allowed to remain a dead letter as other similar ordinances. It is now up to the burgess and chief of police. Will they enforce it?

On Tuesday, November 5th, 1918, the voters and taxpayers will have a chance of voting on the question of increasing the borough indebtedness in the sum of \$12,000. The loan is asked for and to be applied to the purchasing of new fire apparatus. It is now up to the individual voter. Let him go to the polls and vote.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Rose Co., Cleveland, O.

either yea or nay.
Miss Edith Patton, who signed up some time ago as a moto truck driver will leave for France shortly to assume her duties with the American army service.

A good many Curwensville dames were sorely disappointed when they learned that the woman's suffrage bill had been defeated in the senate by a vote of 53 to 31. They are not going to give up the ship yet but are going to stay right in the fight hoping for better luck next time.

Miss Lucilla Hipps has accepted a clerkship in the Boston stove, since Miss Mary Wright resigned who goes to Maple avenue hospital, DuBois, to take up a course of nursing.

Rev. and Mrs. B. H. Conley and son Albert, left today for Pittsburgh. Mr. Conley will be treated for eye trouble while in the city while his better half and son will visit a daughter and sister at Tarantum before returning to Curwensville.

Mrs. J. S. Richards, whose home is on George street, and who has been in Clearfield hospital for several months for treatment, has returned and her many friends are glad to know her health is much improved.

Owing to the closing order of the board of health there was no preaching in the Baptist church on Sunday.

Mrs. William Hipps and daughter, Grace, have gone to Johnstown for a two weeks' visit with two daughters and sister.

Mrs. William Harley, of Clearfield, were town visitors with Curwensville relatives yesterday. The Harley family were former residents of this place. Harry Bilger, manager of the Park hotel was in Johnsonburg several days during the latter part of last week.

It was reported to friends of L. H. Weber of Pike township yesterday that he had been taken seriously ill a few days previous and that his ailment was taking the form of a very serious nature.

Mrs. Robert Eskert of Susquehanna avenue, is confined to her home by a severe attack of the grip. It is not considered, however, that the attack will terminate in influenza. A number of town people are suffering from bad colds and something akin to old fashioned grip.

Miss Dorothy Edmiston is helping out the clerical force at the Wolf clothing emporium during evenings and Saturdays.

Several accidents were reported to have occurred among boys who spent the Sabbath chestnating and from falling from trees.

OBITUARY

OBITUARY

Benjamin F. Lucas died at his home in Kyrletown on September 25, 1918. The deceased was born near Unionville, Centre

1835, and was therefore 83 years, 4 months, and 25 days of age at the time of his death.

He was a kind husband and father and a good citizen in every sense of the word. He served in the Union army during the Civil war and possessed a fine military record.

He is survived by his aged widow, three sons, Lewis, at home, Philip, of Williams; twenty-two grand children and twelve great grand children.

He was long a consistent member of the Messiah church, near Kyrletown.

The funeral occurred Wednesday afternoon, October 2d. Interment at Kyrletown.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.

God in His wisdom has recalled
The one His love hath given;
But though the body moulders here
His soul is safe in heaven.

WOUNDED SEVERELY

The name of Frank Pusateri appears in the list of those severely wounded in today's casualty list. This young man is a brother of Mrs. Frank Cimo, of North Third street, and enlisted in the U. S. army of Buffalo where he resided.

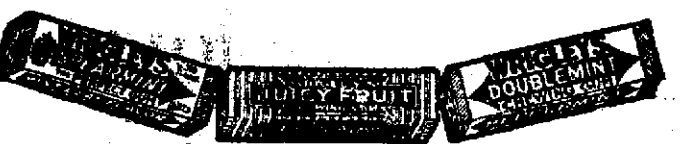

Mrs. Cimo was notified by telegram from the war department one day last week that her brother had been severely wounded in action on August 25th last.

More power to his arm. Buy Bonds. Liberty Bonds are LIFE SAVERS. Bonds are steps toward VICTORY! For the safety of your home—BUY! The Huns dishonor women! They are fighting for YOU! Show you are not a slacker!

WRIGLEY'S

We will win this war—
Nothing else really matters until we do!

The Flavor Lasts

WHY "DOUGHBOYS"

A doughboy is an American soldier and American soldier, infantryman, artilleryman medical department, signal corps sharp, officers and men alike all are called doughboys, says the Stars and Stripes, our cartoonist is one so is General Pershing.

The term "doughboys" dates back to the Civil War when army wit was aroused by large popular brass buttons on infantry uniforms. Somebody (he must have been a sailor) dubbed the buttons "doughboys" because they reminded him of the baked dumplings of raised dough served in ships' messes and known to all sailors as doughboys. Originally, it referred only to an enlisted infantryman, but the A.

E. F. applies it to all branches and all grades of the service.

GO IN FOR CHEMICALS NOW

The regular booze fighters took to drinking lemon extract and Jamaica ginger Saturday and Sunday following the closing of the bars. The grocers and drug stores could do their bit very patriotically by refusing to sell such chemicals to bibulously inclined patrons these draught days.

GOSHEN RESIDENT DIES

Henry Ellis Kyler, a respected Goshen resident citizen, died at his home near Shawville at an early hour this morning aged 79 years.

"Speaking of Hosiery"

"Speaking of hosiery," said a woman who does the buying for a fair sized family, the other day, "I have always found that I can get the best hosiery for myself and the children at Ross & Woods that I can get anywhere.

They carry the standard lines and these lines seem to stand the wear better than anything that I have found yet. The Burson hose for myself, the Jim Dandy for the children, and my husband always goes there for his hosiery as he says he can wear their hosiery longer without having his toes through than any he has ever worn."

This woman's experience is not out of the ordinary for our regular hosiery patrons and if you'll try a pair of our standard lines you'll become just as enthusiastic as she is.

THE HOME OF THE EDUCATOR SHOE

The Fourth Liberty Loan Committee Appeals in this Influenza Crisis to the Patriotic People of CLEARFIELD!

We are shorn by necessity of the natural channels for reaching you to ask your subscription to Bonds of this Fourth Liberty Loan. All gatherings are called off! The loyal volunteer workers cannot see you--- you will have to see them!

Therefore, People of Clearfield, it is squarely up to YOU personally, individually to come forward at ONCE and buy the full amount of Bonds you were going to take anyway!

Go to your employer, to any Bank or Trust Company, to any business place, or store, to any Booth, and BUY without waiting for someone to SELL you Liberty Bonds!

Now Is The Accepted Time!

LIBERTY LOAN COMMITTEE

The War Industries Board and Various Stores Throughout the Country Have Come to the Decision to Urge Xmas Gift-buying Beginning October 1st.

No Extra Help Will Be Employed During the Holiday Period

Another important decision was to urge the giving of practical gifts. Practical gifts include any item that will be useful as a full measure to the recipient. Such items as clothing of any nature are strongly advocated as being in direct line with the wartime spirit this Christmas. Another thing—it has been found that toys are largely made of waste products, in consequence of which it is perfectly all right to give toys to the children.

In view of the fact that the Government has been assured that no extra labor would be used by any stores during December, you will do your share by starting Christmas shopping NOW, and furthermore save in so doing.

Announcing Beginning Tomorrow and Continuing For One Week

An Important October Sale

It does not require any special business ability for a merchant to buy goods at a certain price and sell them at a certain price, but it does require merchandising ability to be able to purchase desirable, seasonable and fashionable merchandise at costs less than those prevailing and through careful business methods be able to offer such goods at less costs than they can be bought elsewhere.

This, then, is the sole reason that has made possible this October Underselling Event.

New, desirable merchandise of every kind may be purchased here during this week at less cost than what they will be next week.

It is hardly necessary for us to urge purchasing liberally for your needs well in advance. Below are listed a limited number—to give you an idea of the scope of the values offered.

NEW STORE HOURS

Store opens every morning at 9 a. m. and closes at 5 p. m. except Saturday store close at 9 p. m.

LIBERTY BONDS ARE INSURANCE FOR RAINY DAYS

BUY MORE LIBERTY BONDS

Plainly and in a few words, Liberty Bonds are your insurance against rainy days. More than that—they not only provide your government with money to carry on the war to a final conclusion but they bring to you a safe interest just as long as they bear the signature of Uncle Sam. Put all your savings into Liberty Bonds.

A Very Important Collection of The New Fall Coats at \$35

Realizing there was possibility of a curtailment of the manufacture of women's coats, as well as a possible curtailment in the use of fur, we placed orders unusually early, and so are able to offer to our customers one of the most comprehensive collections of Fall garments this store has ever had the pleasure of showing.

Every desirable wanted style of the season is represented.

"Smart simplicity" but describes the character of the styles, and yet the styles are so developed as to provide beautiful, distinctive, and individual effects that will appeal to every woman desiring a coat of beauty and practicability.

The coats are made of velour, gaberdine, broadcloth, etc. Some are trimmed with fur.

Other new Fall coats from \$19.75 to \$87.50.

Our Millinery Department Is Featuring Hats at \$7.50

We have taken two tables full of hats recently arrived and marked them at the flat price of \$7.50. We knew that if we are to create greatest interest in the collection, the range of styles should be exceptionally broad and values prominent.

Some of the hats show strikingly new ideas, for quite a number of entirely new models have made their appearance for this Autumn. Here are the black velvets effectively trimmed, beavers particularly suited for certain types of suits, as well as dressy hats of satin etc.

If you intend spending \$10, \$12 or \$15 for a hat, you will be agreeably surprised both as to values and individualism in these new hats at less than half the price.

Other smart models from \$5.00 to \$15.00.

A Very Special Showing of Smart New Dresses at \$27.50

These new Fall dresses in such smart styles is merely a case where we have been able to get in touch with the proper manufacturers to secure garments of decided worth at a low cost.

The dresses are in the very newest modes of the season and in such materials as satins, crepe-de-chine, Jerseys, serges, etc. A large range of new colors to choose from.

Other beautiful dresses are shown from \$15.00 to \$67.50

We Could Not Give You Better Advice Than To Buy Furs Now

Inasmuch as the War Industries Board has requested that all persons intending to make Christmas gifts buy them just as early as possible, you can very well understand that the choice, pieces, and choicest styles are sure to go to those who purchase first. While our stocks are now so very complete, you can readily see the advantage of immediate selection.

New Fur Scarfs \$19.75 to \$75.00. Fur Muffs \$19.75 to \$75.00.

PLENTY OF SMART GEORGETTE BLOUSES TO WEAR WITH THE NEW SUITS

It matters not how smart or how fashionably designed your suit may be, unless you wear with it an attractively designed blouse, half of the beauty of the suit is lost.

These new blouses are not only made of an excellent quality georgette crepe, fashioned in the best modes of the season, but also in such shades as are particularly desirable for wearing with the new Fall suits.

They seem to blend in the style and color effect of the suit, yet cost no more than ordinary georgette blouses.

If you contemplate buying a new Fall suit, why not let us show you some of the new georgette blouses at the same time, so as to secure a desirable combination in one visit.

The new georgette blouses are priced at \$5.95 to \$16.50.

Silk Stocking at \$1.25

We selected \$1.25 as the price for this quality silk stocking and then set about looking for a firm who had the best to be sold at \$1.25. Such extra efforts exerted by a store bring results. There is not a doubt about it. As a matter of fact, we have seen the identical silk stockings selling at \$1.69 at certain stores.

These are of ingram silk with the exception of lisle tops and soles, to assure greater service with high top shoes. May be had in a full range of colors, including an ample quantity of white.

A Small Lot of Last Year's Kid Gloves \$1.39 regular \$2

Remaining over from last year, this is one of the choicest morsels of merchandise in the store. Today's lot includes one- and two-clasp styles, black, white and various contrasts.

Special table in the glove section.

Special lot of ladies' silk gloves at, pair 39c

Ladies cashmerette gloves all colors at, pair 75c

Ladies' white chamoisette gloves at, pair 75c

Women's Fall Skirts at \$5.95 to \$25 Unquestionably the Most Beautiful Skirts in Clearfield

And there are quite as many skirts that follow the plain type as dressy models and plaids. Each skirt distinctive and smart.

Whether it is a skirt of the favored silks, or one of the new, rich, plaid, wool materials, or a skirt for business, you can rest assured that you could not possibly make such effective styles as you will find in this collection.

A SHOWING OF SPLENDID MADE SUITS FOR FALL AT \$35.00

These garments embrace every new style feature of the season. Tailored and fashioned in the season's newest modes.

They are suits having that peculiar atmosphere of individuality of design so much sought after by the woman who wants to be smartly clothed.

And, allow us to emphasize that the workmanship is of the highest order and trimming of a superior quality—you can readily appreciate the additional service possible when a garment is well made and lined with good materials, aside from escaping the annoyance of linings pulling out, this or that seam ripping.

These are in fact splendid tailored suits at \$35.00

Other high grade suits from \$25.00 to \$87.50.

Blankets

This is an "extra" sent out to our customers advising of the stocks at this store.

When one woman comes to the store and says "I'm buying blankets now for the simple reason that it is better to be safe than sorry." We are going to allow this woman to pass her advice on to the rest of our customers.

It's good advice, too.
